About Society

KLE Society with the mission of "Transforming Lives through Education, Healthcare and Research" has been delivering quality education of global standards ever since it was founded by Seven dedicated teachers "Saptharishis" and three benevolent founders in the year 1916.

KLE Society has over the years evolved to become a dominant education force in India, especially in Karnataka and Maharashtra. Comprising over 270 institutions, KLE Society offers educational services right from pre-primary to post-doctoral studies in almost all disciplines to over a lakh students. The institutions of KLE Society in an endeavor to keep pace with the fast changing global scenario, have embraced time tested approaches and innovations in education. A constantly evolving teaching routine combined with interactive teaching by highly qualified faculty coupled with a value system deep rooted in ethics and morals ensures the nurturing of skilled, knowledgeable and committed individuals. A well-developed corporate-academia interface ensures campus placement initiatives that yield employment opportunities across the spectrum.

The legacy of selfless-service and sacrifice left behind by the founding fathers is pursued by the Management sincerely to this day. Under the unparalleled leadership of Dr. Prabhakar B Kore, KLE Society has reached enviable heights. His spectacular chairmanship beyond 30 years with active support of his team embodies their collective efforts in making KLE an international educational destination.

"TODAY WE LEAD
THE STUDENTS TOMORROW
OUR STUDENTS
WILL LEAD THE WORLD"

Chairman's Message

We, KLE as a family, believe that education empowers and benefits academic aspirants and society at large. KLE has a vision of high quality lifelong learning, accessible to all harbouring the tenacity of being first among equals; instilling professional competency in our students with vigour and zeal. KLE always has the learner at the heart of everything we do. We raise expectations, set benchmarks and work together progressively towards the objective of nurturing intellectual capital for the nation.

As an established and highly esteemed institution, we maintain high academic standards with distinguishable code of conduct and discipline. We mentor students, facilitate the honing of skills and abilities and take great pride in developing IT professionals coupled with awareness and responsibilities towards society. We are committed to create the future that every student dreams of, both in higher education and corporate employment.

As Chairman of the organization, I take immense pleasure and pride in welcoming you to the KLE family and this wonderful experience of "Empowerment through Education".

Dr. Prabhakar B. Kore
Chairman, Board of Managment,
KLE Society, Belagavi

About KLE SNC

58 YEARS OF LEGACY

KLE Society's S Nijalingappa College, established in the year 1963 has earned significant laurels in its journey of more than half a century. Prominent among these are being re-accredited with "A+" by NAAC; gaining status of "College with Potential for Excellence" (CPE) by UGC and receiving grants under UGC Stride Component – 1, a distinctive feature in recognition towards academic excellence; a rare feat achieved by only a handful of top-ranking colleges in India.

About BCA

20 YEARS OF EXCELLENCE

BCA @ KLESNC started in the year 2000 with a vision to nurture IT professionals with a perfect admixture of technological skills and human values. "Smart classes and close mentoring relationships" is more than a tagline at KLE BCA; it is a long-standing philosophy, a hallmark and a genuine distinguishing feature. The course empowers the students by preparing them to adapt, adhere, apply and achieve balance and excellence in their careers; thereby empowering them to add value to industry and society at large.

Vision

"To scale new heights in education with a blend of human values and technology"

Mission

- To Adapt balanced quality education that nurtures the spirit of inquiry
- To Apply technical skills with ethical values
- To Adhere to the thriving technological innovations
- To Achieve the goal of social uplift through education

Coordinator's Message

Greetings from KLE Society's S Nijalingappa College, Bachelor of Computer Application
It's a great pleasure to welcome you all to be part of KLE Family.
We at KLE BCA strongly believe in providing quality education with technology being its driving force. The college grooms the latest talents of students to face the challenges of globalization and intense competition
The aim of the college is to provide knowledge, skills, ability, attitude and beliefs that are essential for a productive and successful life. We are committed to maintaining a balance between theory and practice. We also inculcate the ability to think logically and provide good communication skills.
Joining our college will expand your horizon, groom your personality and provide the best of the best career opportunities.
Thank you for choosing KLEBCA. Welcome on a journey of learning that is both fruitful and fun.
We promise that you will not only acquire knowledge, but also make memories and relationships that you will cherish for a lifetime

Dr. Parvati N Angadi
Coordinator
KLE BCA

"**WE IGNITE THE** THIRST FOR **KNOWLEDGE**„

Campus Life

The college is housed in a 5 acre eco-friendly campus in the heart of Bengaluru city. The campus is an embodiment of technology in education integrated with rich teaching methods. Round-the-clock security arrangements, doctor on call service and student redressal is our top priority. Common recreational areas help develop a sense of belongingness and foster long-term bonds.

To meet the technical education needs, the institution is facilitated with state of the art infrastructure.

Classrooms & Lab

The classrooms are ICT enabled, well ventilated and well-furnished A Technology learning center: The department has 6 high-tech laboratories having latest computers connected to a centralized server having power backup facilities. With an objective of providing students with adequate practical exposure the machines are well equipped with latest softwares.

The Library

A well organized and expansive library with an array of books, journals and digital content provides students the much needed insights into the evolution, current status and futuristic trends pertaining to the IT industry and more. The library is managed by a bar coded software solution that provides online access to requested documents, books and periodicals in addition to a meticulous schedule of issue and return of books.

Auditorium

Three air-conditioned auditoriums are well furnished with audio visual equipment for organizing different conferences, seminars, workshops and other activities.

Sports and Gym

Students are encouraged to take up sports after their class hours. The sports department supports a wide range of activities including table tennis, badminton, cricket etc. Gym is well equipped with cardio-vascular equipment, resistance machines and free weights. Qualified and trained staffs are available.

Why KLE BCA

1. **Convenient Location:** Centrally located and easily accessible.
2. **Small classes:** Class sizes are kept small for personalized one on one interaction with undivided attention.
3. **Messaging service:** Continuous monitoring about details like attendance, events, and college related news are updated to both parents and students.
4. **Parent Teachers interaction:** Teachers alone seldom help students realise their complete academic potential. Both parents and teachers complement and reinforce each other's role in boosting the overall performance of students.
5. **Career and placement assistance:** Career objectives of students are always the priority of our ever active placement cell which understands the current trends in the corporate world.
6. **Awards and Recognitions:** KLE BCA has MoUs with Giant global technology leaders such as DELL EMC, VMware, AWS, Microsoft and so on. With this as a launch pad, students get an excellent platform to kick start their career.
7. **Academic Recognition:** Every year, KLE BCA awards several scholarships, prizes and medals to encourage and support meritorious and talented students, achievers in academics, sports and other co-curricular activities. The award of excellence is conferred to students who excel with ranks, semester toppers and subject toppers in university exams.
8. **Student focused environment:** Every staff member is committed to academic, professional development and success of students. They are encompassed with an environment that ignites and fuels their dreams.

Student Activities

We @KLEBCA, believe that pursuit of gaining knowledge is progressive and its boundary expands beyond academics. We trust that, the amalgamation of both co-curricular and cultural learning, aids in the comprehensive development of a student which make them not only an IT professional but also a responsible citizen.

Students learn through every possible diverse opportunity they encounter. Taking a diversion from their mainstream learning, students break the monotony by indulging themselves in cultural, extra-curricular activities and co-curricular activities conducted under the umbrella "ASTHRA", an IT and Cultural hub of the college. Their activities ought to fuel their academics; in this direction, they are taken for industrial visits, which will enhance their understanding and know-how about the latest trends and technologies.

When you know your surroundings, you can take better notice of the things that are out of the ordinary; @KLEBCA we ensure students care about their nation and weaker sections of society. Students graduating from our institution are imbued with humanistic passion for the world around them.

These activities open to a new world of possibilities uninterrupted, which has helped our students showcase their talent round the globe and making our institution proud off shore as well.

With an infantry of experienced and versatile team, we aim in nurturing and harvesting dreams of every student. At KLE BCA, our primary focus is on converging thoughts, energy, aspirations and ever growing quest for knowledge of students. Adapting to the modern day scenario, we at KLEBCA, embrace technology oriented teaching methodology to ensure students' inquisitiveness towards intellectual know-how is our motto. Amalgamation of experience with expertise in technology, we ascertain thirst for knowledge is the pinnacle of our commitment.

Career and Placements

Embarking on a journey towards prospective corporate excellence is the ultimatum of academic aspirants. Industry expectations towards computer science graduates are infused into our students as early as in the 1st semester by providing them with adequate exposure to current trends and technologies. This is possible with regular interaction with industry experts, conducting pre-placement training emphasising, on how to crack aptitude and technical round. Providing students with a set of mock group discussions and interviews, we at KLE BCA assure our students have utmost confidence to clear the last "make or break" HR round.

Our students have always come out with flying colours and have been placed in several well-known IT majors. We have an impressive track record of our students being placed in leading companies such as Amazon, Deloitte, HP, IBM, Infosys, Intel, SAP, Target, Wipro, Yahoo, Yordlee, to name a few. Every year, our students have been absorbed into WASE program, an integrated MS program with BITS, Pilani.

It was truly outstanding interacting with and addressing young and energetic students of KLE BCA. The level of participation shows a great degree of vision and maturity. Happy landings.

"OUR TORCH BEARERS "

Alumni
Alumni are our brand ambassadors who have played a positive role in the growth of our institution. They are spread across the globe and serving in various capacities. We are indeed proud of their achievements for making a mark in the IT industry.

"A warm welcoming college and students. As an x-student I feel so proud of this college and want to give back to the community as much as I can."

Mr. Fateh Ali
Founder, CollabDeen
Startup Mentor.

Time spent in the college are the best moments of my life. The quality of teaching in simply amazing and helped me to reach UK to pursue my MS. The college gave me inspirational lecturers and wonderful friends who still support me. I thank everyone for making my 3 years college period as golden age in my life.

Mr. Kishore
Full stack developer,
NSW Land Registry Services, Australia.

Everything was great, especially the course, college campus and my teachers who guided me to learn technologies as per current trend and industry requirements. I learnt hundreds of things apart from curriculum in the college to make my dream a success. It's pleasure to be a part of KLE family forever.

Ms. Sushma N
News Presenter, TV9

I am really proud to be a part of KLE BCA. My college life was enlightening and opened my mind to new thoughts. I thank KLE BCA for gifting me a secure life.

Mr. Shantanu Kumar
Senior Specalist,
Target Corporation India.

Finding a college that met my requirements was essential for making my college experience enjoyable. I believe KLE BCA is one of the best choices of my life. Words can't convey my gratitude. A safe, professional and friendly learning environment helped me to grow and achieve a successful career.

Ms. Taniya Misra
Project Manager, TCS.

I am proud alumni of this great institution. The expertise and dedication of faculty in providing quality education sets them apart. Their exceptional teaching, professional guidance and overall commitment to my success as an engineer have greatly impacted my career. The educational skills combined with the practical exercises gave me a major breakthrough into software field. Thank you KLE fraternity!!!.

Mr. Avinash Sindagi
Senior Advisor,
Dell EMC.

To be part of the BCA 2008 batch was a great experience. The most important aspect was the rapport we shared with the lecturers, and we did have as much as fun we could in the learning process. I will fondly remember the college days, for the seminars, guest lecturers and the technical competitions, which on refelection, is more important than the classroom training.
I also secured an opportunity in Aricent Group, thanks to the campus placements at college, and knowledge gained in the course of completing my BCA has immensely helped me in my career.

Mr. Vaibhav Pandey
Sr. Embedded and Bluetooth Engineer, German Autolabs.
